TO THE PUBLIC Of the United States.

A N advertisement of Mr. UDOLPHO WOLFE, lately pub-lished, as I suppose, intended for the protection of his Schiedam Schnupps against counter elters, has come under my observation and being engiged in the manufacture of Schiedam Schiapos, were I to let it pass without notice through this medium, I might be considered among those he den minutes "Pirates and Venders of Poison," but the immense patronage and success that has atte d d the and the guarantee given, they are the most reasonable in sale of the article manufactured by me, and the opinion of the West. competent j dges as to its qualities as a heverage and its medicinal virtues, precludes the possibility of the idea that I am included among those he designs to impugn. No doubt he feels aggrieved at the depreciation of the sale of his Schnapps, which is manifes to all, since mine has been brought into competition with his. Not only have I succeeded in competing with him in quality, but the constant and screasing demand for my article, has enabled me to furnish it at a less price than he can, or does - say \$2 in the open. character of my Schiedam Schnepps is too well established in those States, to be injured by any such invidious publi cation. The motive of his advertisement is obvious to every one, and feeling well satisfied that all such missiles thrown at me by him will fall barmless at my feet, I will here, lor the satisfaction of the public, publish a copy of my Palent Right, energed in the Southern District of New York, on the 25th of Dec mber, 1854:

(Copy of Patent Right) SOUTHERN DISTRICT OF NEW YORK, S.S. Be it remembered, That on the twenty eighth day of De cember, Anno Domini, 1854, Farnard L. Simpson, of the said District, bath deposited in this office the title of a print label, the title of which is in the words following, to wit: "Barnard L. Simpson's Aromatic Schiedam Juniper Schnapps, a sup vior Tonic, Anti Dispeptic Invigorating Cordial," the right whereof he claim, as author and pro-prietor, in conformity with an act of Congress, entitled "An Act to amend the several Acts respecting converghts." GFO. W. MCRTON, Clerk of the Southern District of New York.

And I take pleasure on this occasion to tender my sincere thanks to the public in general, and to my friends in particu tar, for the kind liberality with which they have patron zed me from my commencement of this enterprise; and I assure them that I shall continue to provide them always with a genuine and superior article of Schledom Schn BARNARD L. BARNARD L. SIMPSON'S AROMATIC SCHIEDAM JUNIPER SCHNAPPS. A Superior Tonic, anti-Dyspeptic Invig . orating Cordial.

T is a lamentable truth that, with few exceptions, every A article of food we est, every article of drink we imbibe, is more or less adulterated, and in nothing has adulteration been practiced to such an extent as in spiritous, vi-nous and fermented liq ors. So much so, in fact, that it is imi ossible to procure pure liquors and wines unless obtained direct from a bont fide importer, of known reputation, and sell established foreign connections. It is owing to the corresive, inflammatory and potential properties of the liquors sold generally in this country, that disgraceful, beastial intexication is so frequent, that the egislatures of several of the States bave taken the matte n hand, and prohibited the sale of spirituous or fermented liquors as common beverages.

Were all liquors sold pure and unadulterated, we should

need no Meine Law, and but few restrictions on their sale Blosched for s, palsed limbs, swollen fie h, and that fearful disease, delicrum tremens, are produced, not by pure liquors, but by the infatuaced habit of indulging in the corresive poisons sold under that des gnation. SIMPSONIS

FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills - one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the com-plaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins: for, in truth, all these are but the consequence of diseased action in the liver. aperient they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrof-ula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. sional dose stimulates the stomach and bowels into healthy action, and restores the appe tite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, reno vate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a eathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, ne narm can arise from their use in any quantity.

For minute directions see wrapper on the Box. PREPARED BY JAMES C. AYER, Practical and Analytical Chemist, LOWELL, MASS. Price 25 Cents per Box. Five Boxes for \$1.

AYER'S CHERRY PECTORAL For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

THIS remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evi-dences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formidable at-tacks upon the lungs, but for the milder varieties of Colds, Coughs, Hoarsmess, &c.; and for CHILDREN it is the pleasantest and safest medicine

As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by -BERRY & DEMOVILLE, Wholesale, Nashville and Re-tall by BROWN & GRURIS Nashville; and sold by all deslers in medicine in every town in Tennessee.
